

RE ROYALTIES

TSX.V: RE

Investing in a cleaner future.

RE Royalties is an innovative finance company specializing in renewable energy.

INNOVATIVE FINANCING

RE Royalties provides innovative financing solutions for our clients, when traditional options are not available or suitable. We offer reasonable rates, minimal restrictions, and a tailored solution to our clients' needs.

IMPACT INVESTING

We help investors make a positive impact on the world. We strive to provide our shareholders with strong capital returns, growth and a stable distribution, all while helping reduce global greenhouse gas emissions.

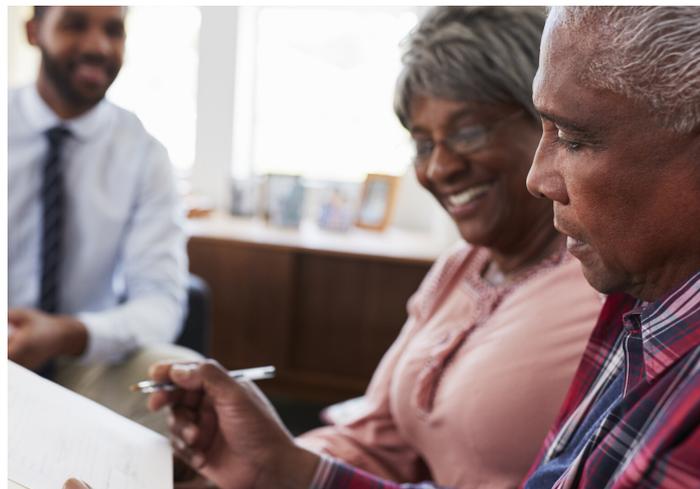

SUSTAINABLE PROJECTS

Our global company owns royalties from renewable energy projects in Canada, the United States and Europe. Our portfolio includes solar parks, wind farms, and run-of-the-river hydro facilities.

WE ARE BUILDING A RENEWABLE ENERGY FUTURE FASTER THROUGH INNOVATIVE FINANCE.

RE Royalties is the first company to take the royalty-financing model, well proven in other industries, and apply it to the renewable energy sector. Our clients are renewable energy leaders who have great project opportunities, but are too small to secure traditional financing to fund their growth plans. With climate change a pressing issue globally, RE Royalties has become an important source of capital for renewable energy projects.

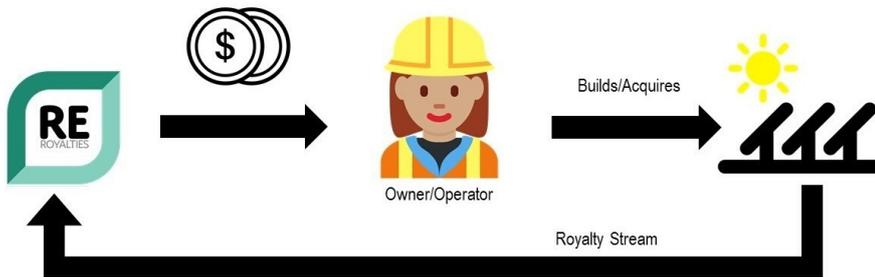

WE ARE WORKING TO ACCELERATE THE TRANSITION TO A MORE SUSTAINABLE FUTURE.

RE Royalties' focus on investment in renewable energy contributes to our sustainable goals. We only engage with projects that fit our values and that address some of the world's biggest environmental challenges.

INVESTORS MAKE AN ENVIRONMENTAL IMPACT.

TSX Venture Exchange under the symbol "RE".

The market for renewables is very large (over \$2.2 trillion invested in the last decade) and continues to grow exponentially.

We believe that both retail and institutional investors can participate in the renewable energy revolution by choosing companies that focus on a positive impact for the environment.

RE Royalties is a publicly traded company on the TSX Venture Exchange under the symbol "RE".

This public listing allows investors to purchase and own common shares in RE Royalties, and to participate in the large and growing renewable energy market.

WE STRIVE TO PROVIDE VALUE FOR BOTH OUR CLIENTS AND OUR SHAREHOLDERS.

We believe it takes courage to be a first mover and create a better future. We are the first company to take the well proven royalty financing model and apply to the renewable energy sector.

We are transforming the way projects get financed by being flexible and creative in how we solve our clients' problems. We offer reasonable rates, minimal restrictions, and a tailored solution to our clients' needs.

This allows our clients to maintain control and ownership over their projects and businesses. This approach differentiates us from traditional debt and equity financing providers.
